## COVID19 Level 2 Dental Practice Restrictions

**From Wednesday, 15<sup>th</sup> July 2020, the COVID19 Dental Practice Restrictions are back to Level 2 for Melbourne metropolitan areas. We would like to, therefore, advise that patients can safely attend their appointments at Myofocus Melbourne for the following:**

- Oral Restriction, Orofacial Myofunctional Pre-orthodontic and Orthodontic Consultations and Evaluations
- Pre-orthodontic and Orthodontic Record-taking (3D x-rays, photographs, videographs, and 3D digital scanning)
- Pre-orthodontic and Orthodontic treatment
- Orofacial Myofunctional therapy
- Invisalign
- Oral Restriction release laser procedures (tongue ties, lip ties, cheek ties)

**In addition to our strict infection control practices, we are also taking extra precautions during this pandemic, as follow:**

- if you have #COVID19 risks, please call us to reschedule your appointments, and/or defer your treatment.
- we will ask you repetitively the COVID19 screening questions.
- wait in the car when you arrive, call us and we will let you know when we are ready for you to enter our premises.
- hand sanitize upon entering our clinic.
- we will continuously disinfect all surfaces multiple times throughout each day.
- short gaps will be implemented in between patient appointments to allow time for extra cleaning and minimizing number of people in the waiting room.
- strict maximum number of people inside the premises and in each room within the clinic.
- social distancing as much as possible within our premises.
- all team members will wear masks at all times.
- disposable gowns, surgical masks and eye protections will be worn clinically for laser procedures.

**The safety of our patients, staff and the community at large is our number one priority. Your understanding and co-operation during this unprecedented era are much appreciated. We are all in this together and work alongside one another for the common good. Please take care, keep well and stay safe.**

**Thank you.**
