

## COVID-19 STATEMENT (28<sup>TH</sup> SEPTEMBER 2020 UPDATE)

***Dear patients and our wider network of health professionals,***

From Monday, 28<sup>th</sup> September 2020, The COVID19 Dental Practice Restrictions for Melbourne Metropolitan area have been eased by the Victorian Government. Following on the recommendation of the Australian Dental Association, we are now practicing under Level 1.

This means Myofocus Melbourne is able to re-open and offer all our oral health services, including consultations, orthodontics, orofacial myology, laser frenectomies, and so on.

We have COVID19 Safe Plan implemented. Patients and treatment determined to be at risks of spread of COVID19 will be referred and/or deferred. Our practice will operate strictly within the authoritative guidelines for the safety of our patients, our staff and the community.

Face masks are still mandatory. Social distancing is still necessary.

Thank you Melbourne for being unified and cohesive in this crusade against this mulish global antagonist. Let's continue to focus on our road to recovery by living smarter, safer, healthier and happier.

Warmest wishes to you all...

***Dr. Donny, Dr. Dan, Dr. Richard, Dr. Alex, Dalena, Siniya,  
Kylie, Nardene and Ayako***
